

Sustainability Forum

A Public Invitation from the South Kingstown Sustainability Committee

Wednesday, October 24th, 2018 at 6:00pm

**South Kingstown Recreation Center
30 St. Dominic Road, Wakefield**

Please join us for a lively conversation to collectively work
towards a more sustainable South Kingstown

6:00 pm Welcome and Introductions

6:05 pm Evening Overview

6:10 pm Waste Management Practices and Concepts

- Waste Management in Town and School Department Operations
- Reducing Residential Waste Streams Efficiently
- An Overview of Composting at Home
- The Green Team Experience at West Kingston Elementary School
- Issues, Challenges, and the Regulatory Framework of Solid Waste Management in RI

Group Discussion: What can we learn from our experiences? How do we reduce waste generation as we approach a recycling crisis? What are appropriate next steps to moving toward less solid waste generation?

Report Out: Key themes and inspiring ideas

7:10 pm Plastic Reduction Ordinance

- Ordinance Information and Update
- Sustainable Business practices
- What Other Towns Are Doing 'Beyond the Bag'
- Sustainable Shopping Practices

Group Discussion: Where do we go from here? Are there other waste streams to target successfully to make South Kingstown more sustainable?

Report Out: Key themes and inspiring ideas

7:50 pm Closing Comments from Sustainability Committee Members
